

RELEASE NOTES

EFI™ is pleased to announce the release of Fiery® eXpress 4.6.1.

What's new?

- New printer drivers and new media profiles for the EPSON SureColor SC-P5000 (RGB & CMYK Contone). The new media profiles are available through the Profile Online Update tool
- Additional Print Mode support on all EPSON SureColor SC-P-series for 720x720 or Super Mode for Single Weight Matte and Enhanced Matte paper media
- Important bug fixes related to EPSON SureColor SC-P-series and Canon imagePROGRAF Pro printers

Operating System support

- Microsoft® Windows® 7.x, 8.x and 10
- MAC OSX 10.9, 10.10, 10.11 and 10.12 (macOS Sierra)

Availability

- Fiery eXpress 4.6.1 is available as an online update for Fiery eXpress 4.6 users. An installer is available online in the Download section on www.efi.com/fieryexpress
- A version 4.6 license is required before installing or running Fiery eXpress 4.6.1
- Fiery eXpress 4.6 is available as a full version to new customers as well as a chargeable upgrade for existing Colorproof eXpress 3.5 and Fiery eXpress 4.1-4.5.6 users
- To upgrade to Fiery eXpress 4.6, make sure to backup and uninstall the current version of Fiery eXpress. Afterwards you can install version 4.6 and restore the backup
